St Charles RC Primary School

Asbestos Policy

2016-17

Our mission at St. Charles RC Primary School is to try and centre our life in Jesus Christ, the spiritual foundation of our community.

We aim to pass on the faith we share in partnership with you.

We want the children in our care to grow and develop to their full potential within a caring Catholic community which recognises fully their true worth and God given talents. We look forward to working with you in a spirit of mutual trust and support.

We take pride belonging to St. Charles RC Primary School.

MISSION STATEMENT

As a family of God, we love to learn and learn to love

Introduction

We understand that Asbestos management in school is a top Health and Safety priority. As part of our ongoing management of this issue the school has taken the following measures.

- 1) Headteacher requested Local Authority to arrange Whole School Asbestos Survey.
- 2) Headteacher and Site Manager attended Asbestos Awareness course.

The school will always presume asbestos to be in the building should any repairs be made to the school. This includes walls, ceilings and flooring. An Asbestos Survey by a qualified company will be made for any repairs to take place until a full survey takes place. The Building/Health and Safety sub-committee of the Governors will oversee that this policy is implemented. The Site Manager will liaise with building contractors and report to the Headteacher.
