

13th March 2020

Dear parent/guardian

CORONAVIRUS UPDATE

You will no doubt be aware of the most recent guidance offered by Public Health England and central government.

You will know that schools are **not** advised to close at this time.

We will be following the recommended policy from Public Health England of self-isolation for our staff and pupils, should symptoms become apparent.

The symptoms include:

- a new and persistent cough

and/or

- a high-temperature.

We expect parents to heed the advice of Public Health England and monitor all children for these symptoms. Please ensure that pupils do not attend school for a period of seven days from when the cough/fever becomes apparent. Please advise school of this self-isolation.

We expect further updates from Public Health England in the coming days and weeks and we will respond accordingly with their advice. We also receive daily updates from the Department for Education.

Should you require further information on this pandemic, please click the link below:
